

## White Rock Garden Club Plant Sales Over the Years

### Plant Sale 2022:

The Annual Plant Sale was held once again the Saturday before Mothers' Day at Ocean Park Hall. The Flower Market with their beautiful bouquets for Moms sold out. The Bakery had their highest sales ever and featured jars and jars of orange marmalade. Hanging Baskets were gone in a flash. The cashiers kept smiling as cartloads of plants and Garden Stuff disappeared from the tables and were delivered to waiting cars. A draw was held for donated items that winners were tickled pink to receive. A great turn out of members helped set up, sell and answer questions from local gardeners.

### Plant Sale 2021:

Another Covid-19 Plant sale that was changed to a Members Only sale to ensure social distancing and proper protocols were followed. A Catalogue was created from members' donated plants. Email orders were taken from the plants grown and donated by the WRGC and the North Surrey Garden Club Members. Plants were dropped off at the Ocean Park Hall early in the morning and members were given a time to pick up their purchases later in the day. The 2021 plant sale was a great success!

### **Spring Plant Sale 2020:**

Due to Covid-19, our Plant Sale was changed to a Members Only plant sale to ensure social distancing and proper protocols . Email orders were taken from plants grown and donated by WRGC Members with curbside drop off and pickup.
